### **Periodicity**

IJPAIR will be published in January and July every year. The articles and reviews will be sent for peer-review as soon as they are received. There will be a panel of referees who will look into various aspects of the articles/reviews received, such as topicality, contents, theoretical as well as empirical components and methodology.

### **Copy Right**

Copyright of the journal, alongside the articles/reviews published, shall be with the Registrar, Mahatma Gandhi University except in cases where essays are reproduced with the permission of the author/publisher.

### **Manuscript Submission Guidelines**

All manuscripts should be sent to: The Editor, IJPAIR, School of International Relations and Politics, Mahatma Gandhi University, Priyadarshini Hills PO., Kottayam, Kerala, India, PIN Code: 686560. Three copies of the double spaced manuscript should be provided. The author's name, full contact details (address, telephone number and e-mail address), and biographical note should be enclosed on a separate sheet of paper. In addition, the authors should also send the manuscript as an e-mail attachment in MS Word format to the Editor. The title page should contain the full title, subtitle (optional), preferred abbreviated running head, abstract (100-150 words) and key words (5-10) in alphabetical order for online search. Biographical notes (50-100 words) should give current affiliation, research interests and recent publications. Research articles should be of 6000 words, including footnotes. Lengths for review essays shall be 2,000 words. English (UK) spelling should be used for the preparation of the manuscript. Spell out numbers from one to nine and use figures for 10 and above except in tables. Indent all quotations of more than 50 words and make sure that all subheadings are clearly indicated. Dates should be in the form 14 May 2002. Use single quotation marks and double marks inside single. Use endnotes as a referencing system listing authors as they name themselves. Please see the format given below for details of the reference style.

### **Reference: Format**

Citations to sources are arranged in the text of the essay in order to identify sources for readers and facilitate them to locate the source of the cited information in the bibliography/references. The parenthetical (in text) references include the author's last name, the year of publication enclosed in parentheses and page number(s), wherever necessary. Citations are placed within sentences and paragraphs so that it would be clear what information is being quoted/paraphrased and whose information is being cited.

### **Works by a Single Author**

The last name of the author and the year of publication are inserted in the text at the appropriate point. For example,

There is a view, however, that the agreement is, in fact, a continuation of the process of the last few decades (Bajpai 2005).

If the name of the author or the date appear as part of the narrative, cite only missing information in parentheses. For example,

Writing on a hypothetical possibility of India threatening to proliferate, Perkovich (2005) writes, ".....China proliferated to Pakistan and Pakistan proliferated to Libya, Iran, and North Korea. Nor does proliferation that occurred before the NPT was negotiated justify promiscuous proliferation behaviour today."

### **Works by Multiple Authors**

When a work has two authors, always cite both names every time the reference occurs in the text. In parenthetical material join the names with "&". For example, as has been shown,

(Vanaik & Bidwai 1989)

In the narrative text, join the names with the word "and."

as Vanaik and Bidwai (1989)demonstrated

When a work has three, four, or five authors, cite all authors the first time the reference occurs. For example,

Srinivasan, Grover, and Bhardwaj (2005) found

In all subsequent citations per paragraph, include only the surname of the first author followed by "et al." and the year of publication.

Srinivasan et al. (2005) found

### **Works by Organisations, Government Agencies, etc.**

The names of agencies/organisations that serve as authors (corporate authors) are usually written out first time they appear in a text reference as follows:

(World Trade Organisation (WTO) 2006)

When appropriate, the names of some such authors are spelled out in the first reference and abbreviated in all subsequent citations. The general rule for abbreviating in this manner is to supply enough information in the text citation for a reader to locate its source in the Bibliography/References without difficulty.

(WTO 2006)

### **Works with No Author**

When a work has no author, use the first two or three words of the work's title (omitting any initial articles) as your text reference, capitalizing each word.

*Encyclopaedia Britannica* (2007)

### **Specific Parts of a Source**

To cite a specific part of a source (always necessary for quotations), include the page, chapter, etc. (with appropriate abbreviations) in the in-text citation.

(Srinivasan, Grover & Bhardwaj 2005: 5183-88)
